

Project Planning Phase Milestone and Activity List

Date	26-10-2022
Team ID	PNT2022TMID47348
Project Name	Real time communication system powered by AI for specially abled person

Planning (5 days)	Planning modules and features which are going to be implemented
Requirements (4 days)	Gathering necessary requirements stacks and installing required resource
Design (2 weeks)	Designing the modules such as Login page, Dashboard, Message inbox
Development (2 weeks)	Developing the detection and recognition model which use the dataset and using algorithms
Testing (1 week)	Testing the model for checking the performance and debugging the errors
Deployment (1 day)	Deploying our tested model on its Server for public access
